CA Health and Safety Code section 1370.2

Upon an appeal to the plan of a contested claim, the plan shall refer the claim to the medical director or other appropriately licensed health care provider. This health care provider or the medical director shall review the appeal and, if he or she determines that he or she is competent to evaluate the specific clinical issues presented in the claim, shall make a determination on the appealed claim. If the health care provider or medical director determines that he or she is not competent to evaluate the specific clinical issues of the appealed claim, prior to making a determination, he or she shall consult with an appropriately licensed health care provider who is competent to evaluate the specific clinical issues presented in the claim. For the purposes of this section, "competent to evaluate the specific clinical issues" means that the reviewer has education, training, and relevant expertise that is pertinent for evaluating the specific clinical issues that serve as the basis of the contested claim. The requirements of this section shall apply to claims that are contested on the basis of a clinical issue, the necessity for treatment, or the type of treatment proposed or utilized. The plan shall determine whether or not to use an appropriate specialist provider in the review of contested claims.

CA Health and Safety Code section 1367.01(h)(3)

(h) In determining whether to approve, modify, or deny requests by providers prior to, retrospectively, or concurrent with the provision of health care services to enrollees, based in whole or in part on medical necessity, a health care service plan subject to this section shall meet the following requirements:

(3) Decisions to approve, modify, or deny requests by providers for authorization prior to, or concurrent with, the provision of health care services to enrollees shall be communicated to the requesting provider within 24 hours of the decision. Except for concurrent review decisions pertaining to care that is underway, which shall be communicated to the enrollee's treating provider within 24 hours, decisions resulting in denial, delay, or modification of all or part of the requested health care service shall be communicated to the enrollee in writing within two business days of the decision. In the case of concurrent review, care shall not be discontinued until the enrollee's treating provider has been notified of the plan's decision, and a care plan has been agreed upon by the treating provider that is appropriate for the medical needs of that patient.

CA Health and Safety Code section 1374.30(e)

(e) Every plan contract that is issued, amended, renewed or delivered in this state (California) on or after January 1, 2000, shall, effective January 1, 2001, provide an enrollee with the opportunity to seek an independent medical review whenever health care services have been denied, modified, or delayed by the plan, or by one of its contracting providers, if the decision was based in whole or in part, on a finding that the proposed health care services are not medically necessary. An enrollee may designate an agent to act on his or her behalf. The provider may join with or otherwise assist the enrollee in seeking an independent medical review and may advocate on behalf of the enrollee.

CA Health and Safety Code section 1374.30(j)(1) and (3)

(j) An enrollee may apply to the department for an independent medical review when all of the following conditions are met:

(1)(A) The enrollee's provider has recommended a health care service as medically necessary, or
(B) The enrollee has received urgent care or emergency services that a provider determined was medically necessary, or

(C) The enrollee, in the absence of a provider recommendation under subparagraph (A) or the receipt of urgent care or emergency services by a provider under subparagraph (B), has been seen by an in-plan provider for the diagnosis or treatment of the medical condition for which the enrollee seeks independent review. The plan shall expedite access to an in-plan provider upon request of an enrollee. The in-plan provider need not recommend the disputed health care service as a condition for the enrollee to be eligible for an independent review.

For purposes of this article, the enrollee's provider may be an out-of-plan provider. However, the plan shall have no liability for payment of services provided by an out-of-plan provider, except as provided pursuant to subdivision (c) of Section 1374.34.

(3) The enrollee has filed a grievance with the plan or its contracting provider pursuant to Section 1368, and the disputed decision is upheld or the grievance remains unresolved after 30 days. The plan shall concurrently provide a copy of medical records required by this subparagraph to the enrollee or the enrollee's provider, if authorized by the enrollee, unless the offer of medical records is declined or otherwise prohibited by law. The confidentiality of all medical record information shall be maintained pursuant to applicable state and federal laws.

(2) A copy of all information provided to the enrollee by the plan and any of its contracting providers concerning plan and provider decisions regarding the enrollee's condition and care, and a copy of any materials the enrollee or the enrollee's provider submitted to the plan and to the plan's contracting providers in support of the enrollee's request for disputed health care services. This documentation shall include the written response to the enrollee's grievance, required by paragraph (4) of subdivision (a) of Section 1368. The confidentiality of any enrollee medical information shall be maintained pursuant to applicable state and federal laws.

(3) A copy of any other relevant documents or information used by the plan or its contracting providers in determining whether disputed health care services should have been provided, and any statements by the plan and its contracting providers explaining the reasons for the decision to deny, modify, or delay disputed health care services on the basis of medical necessity. (a) If there is an imminent and serious threat to the health of the enrollee, as specified in subdivision (c) of Section 1374.33, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the department may waive the requirement that the enrollee follow the plan's grievance process in extraordinary and compelling cases, where the director finds that the enrollee has acted reasonably.

CA Health and Safety Code section 1374.31

(a) If there is an imminent and serious threat to the health of the enrollee, as specified in subdivision (c) of Section 1374.33, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the department may waive the requirement that the enrollee follow the plan's grievance process in extraordinary and compelling cases, where the director finds that the enrollee has acted reasonably.

(b) The department shall expeditiously review requests and immediately notify the enrollee in writing as to whether the request for an independent medical review has been approved, in whole or in part, and, if not approved, the reasons therefore. The plan shall promptly issue a notification to the enrollee, after submitting all of the required material to the independent medical review organization that includes an annotated list of documents submitted and offer the enrollee the opportunity to request copies of those documents from the plan. The department shall promptly approve enrollee requests whenever the enrollee's plan has agreed that the case is eligible for an independent medical review. The department shall not refer coverage decisions for independent review. To the extent an enrollee request for independent review is not approved by the department, the enrollee request shall be treated as an immediate request for the department to review the grievance pursuant to subdivision (b) of Section 1368.

(c) An independent medical review organization, specified in Section 1374.32, shall conduct the review in accordance with Section 1374.33 and any regulations or orders of the director adopted pursuant thereto. The organization's review shall be limited to an examination of the medical necessity of the disputed health care services and shall not include any consideration of coverage decisions or other contractual issues.

CA Health and Safety Code section 1374.34(a)

(a) Upon receiving the decision adopted by the director pursuant to Section 1374.33 that a disputed health care service is medically necessary, the plan shall promptly implement the decision. In the case of reimbursement for services already rendered, the plan shall reimburse the provider or enrollee, whichever applies, within five working days. In the case of services not yet rendered, the plan shall authorize the services within five working days of receipt of the written decision from the director, or sooner if appropriate for the nature of the enrollee's medical

condition, and shall inform the enrollee and provider of the authorization in accordance with the requirements of paragraph (3) of subdivision (h) of Section 1367.01.

CA Health and Safety Code section 1374.34(a) through (e)

(a) Upon receiving the decision adopted by the director pursuant to Section 1374.33 that a disputed health care service is medically necessary, the plan shall promptly implement the decision. In the case of reimbursement for services already rendered, the plan shall reimburse the provider or enrollee, whichever applies, within five working days. In the case of services not yet rendered, the plan shall authorize the services within five working days of receipt of the written decision from the director, or sooner if appropriate for the nature of the enrollee's medical condition, and shall inform the enrollee and provider of the authorization in accordance with the requirements of paragraph (3) of subdivision (h) of Section 1367.01.

(b) A plan shall not engage in any conduct that has the effect of prolonging the independent review process. The engaging in that conduct or the failure of the plan to promptly implement the decision is a violation of this chapter and, in addition to any other fines, penalties, and other remedies available to the director under this chapter, the plan shall be subject to an administrative penalty of not less than five thousand dollars (\$5,000) for each day that the decision is not implemented. The administrative penalties shall be paid to the Managed Care Administrative Fines and Penalties Fund and shall be used for the purposes specified in Section 1341.45.

(c) The director shall require the plan to promptly reimburse the enrollee for any reasonable costs associated with those services when the director finds that the disputed health care services were a covered benefit under the terms and conditions of the health care service plan contract, and the services are found by the independent medical review organization to have been medically necessary pursuant to Section 1374.33, and either the enrollee's decision to secure the services outside of the plan provider network was reasonable under the emergency or urgent medical circumstances, or the health care service plan contract does not require or provide prior authorization before the health care services are provided to the enrollee.

(d) In addition to requiring plan compliance regarding subdivisions (a), (b), and (c) the director shall review individual cases submitted for independent medical review to determine whether any enforcement actions, including penalties, may be appropriate. In particular, where substantial harm, as defined in Section 3428 of the Civil Code, to an enrollee has already occurred because of the decision of a plan, or one of its contracting providers, to delay, deny, or modify covered health care services that an independent medical review determines to be medically necessary pursuant to Section 1374.33, the director shall impose penalties.

(e) Pursuant to Section 1368.04, the director shall perform an annual audit of independent medical review cases for the dual purposes of education and the opportunity to determine if any investigative or enforcement actions should be undertaken by the department, particularly if a plan repeatedly fails to act promptly and reasonably to resolve grievances associated with a delay, denial, or modification of medically necessary health care services when the obligation of the plan to provide those health care services to enrollees or subscribers is reasonably clear.

28 CCR 1300.74.30(a) through (c), and (d)(4)

(a) Plan enrollees may request independent medical review pursuant to this regulation for decisions that are eligible for independent medical review under Article 5.55 and section 1370.4 of the Act. The independent medical review process shall resolve decisions that deny, modify, or delay health care services, that deny reimbursement for urgent or emergency services or that involve experimental or investigational therapies. Specialized plans shall provide for independent medical reviews under this section if a covered service relates to the practice of medicine or is provided pursuant to a contract with a health plan providing medical, surgical and hospital services. (c) In cases involving a claim for out of plan emergency or urgent services that a provider determined were medically necessary, the independent medical review shall determine whether the services were emergency or urgent services necessary to screen and stabilize the enrollee's condition. For purposes of this section "emergency services" are services for emergency medical conditions as defined in section 1300.71.4 of title 28, and "urgent services" are all services, except emergency services, where the enrollee has obtained the services without prior authorization from the plan, or from a contracting provider.
